Subject of News Report (1) PNB sees robust profit growth, sets P3.5 B capex; and (2) PNB to issue P3.67B deposit notes

Date of Publication May 2, 2017

Clarification of News Report

We write in response to your letter today, seeking clarification and/or confirmation of the following news articles: (1) "PNB sees robust profit growth, sets P3.5 B capex" posted in The Philippine Star (Internet Edition) on May 2, 2017; and (2) "PNB to issue P3.67B deposit notes" posted in The Manila Times (Internet Edition) on April 29, 2017, reporting in part that:

1. "MANILA, Philippines - Listed Philippine National Bank (PNB) expects to maintain its strong profit growth this year amid the challenges that include the normalization of interest rates in the US and geopolitical concerns.

....

Reyes revealed the bank has allocated P3.5 billion for its capital expenditures this year, the same level as last year.

According to Reyes, half of the amount would be used for information technology as the bank continues to pursue 'digitization' efforts and cyber security while the balance would be for the bank's operations including branch expansion.

...."

Please be advised that we confirm the foregoing quoted article. The response was done in a briefing with the Press after the 2017 Annual Stockholders' Meeting of the Bank held last April 25, 2017. The growth and capex mentioned are in accordance with the strategic plan of the Bank. The statements above are views on the business and the environment that we face for the coming year. The Bank has committed on investing in the upgrade plan of its core banking system, as well as on a new branch banking system.

(2) "LISTED Philippine National Bank (PNB) on Thursday said it will issue a new tranche of long-term negotiable certificates of time deposit (LTNCTD) due October 2022, amounting to P3.675 billion.

'Following the issuance on December 2016, this third listing of PNB in the local debt market brings PNB to a cumulative level of P16.15 billion LTNCTDs outstanding listed on the Philippine Dealing Exchange (PDEX),' PNB said in a statement.

'This ninth listing for the year brings the year-to-date total volume of new listings to P66 Billion, a 230 percent increase from the same four-month period last year. The total level of tradable corporate debt instruments in PDEX now stands at P682.70 billion issued by 43 companies, comprised of 119 securities,' it added.

...."

Please be advised that the issuance of the PhP3.765 B LTNCD is a tranche of the previously BSP-approved PhP20 B size LTNCD which was previously disclosed with the PSE. It is also part of the strategy of the Bank to issue long-term debt as part of its liability management exercise to support asset growth. The statements above are based on factual numbers which are all publicly available.

We trust we have sufficiently complied with your request. Thank you.

Other Relevant Information

The change was made to amend the amount of the LTNCD (PhP3.765 B) appearing in our response above.
